# SECTION 278 WORKS SERVICES

Get in Touch!

Jointline delivers comprehensive Section 278 highway works under the Highways Act 1980, enabling developers to undertake essential public-road alterations, from junctions to crossings, under legally binding agreements with highway authorities. Our end-to-end service ensures compliance, quality, and operational efficiency.

## Key Benefits:

- Bespoke highway alterations: new or modified junctions, accesses, roundabouts, crossings, signalised entries
- Full technical package preparation: drawings, swept-path and visibility analyses, safety audits, drainage and geotechnical reporting
- Legal agreement support: performance bonds, commuted sums, and bond management
- Cost-effective repairs that extend surface life
- Efficient, highway-authority-approved delivery with inspection and certification coordination

  Minimised programme delays by managing pre-commencement conditions and LHA technical approvals

## Why Choose Jointline:

- 30+ years' experience in highways, civils and infrastructure delivery
- In-house design and construction tailored to Section 278 requirements
- Fully accredited: ISO 9001, ISO 14001, ISO 45001, Constructionline Gold
- Skilled teams and specialist plant equipped for highway modifications
- Structured approach ensures compliant scope, legal adherence and budget control

Let us help you take your project to the next level. **Contact us today** to discover how our section 278 works services can make a difference.
