

SELF-BINDING GRAVEL SERVICES

Get in Touch!

Jointline Ltd provides expertly installed self-binding gravel surfaces, offering a natural, durable, and low-maintenance solution for public realm schemes, leisure destinations, historic environments, and access routes. This specialist surfacing option combines aesthetic appeal with performance, making it ideal for applications where traditional tarmac or concrete may be visually intrusive or inappropriate.

Key Benefits:

- Natural finish that complements rural, heritage, and urban settings
- Durable and resilient under pedestrian and light vehicular traffic
- Permeable surface supporting Sustainable Drainage Systems (SuDS) compliance
- Low maintenance, reducing lifecycle costs
- Cost-effective alternative to fully bound surfacing
- Versatile applications from cycleways and tow paths

Why Choose Jointline:

- Over 30 years' experience in civils and specialist surfacing
- Skilled operatives with CSCS/NVQ qualifications ensuring high standards
- Use of modern plant and machinery for efficient, quality installation
- Accredited to ISO 9001, ISO 14001, ISO 45001, and Constructionline Gold
- Proven success with local authorities, contractors, and private clients

Let us help you take your project to the next level. **Contact us today** to discover how our self-binding gravel services can make a difference.
